Module aims

This module aims to:

- Build on the foundational knowledge of Adobe InDesign to develop advanced skills and techniques.
- Enable students to create complex, professional-grade outputs using Adobe InDesign.

- Encourage problem-solving and independent exploration of the software's advanced features.

Module Learning Outcomes - at the end of this module, students will be able to:

1	Navigate advanced tools and settings in Adobe InDesign for enhanced functionality.
2	Apply advanced techniques to develop professional quality outputs in Adobe InDesign.
3	Demonstrate engagement and independent problem solving in practical workshops and tasks.

Assessment

Indicative Assessment Tasks:

Students will be assessed through the submission of a portfolio demonstrating the application of advanced techniques covered in the module. The portfolio will include at least one completed output that showcases proficiency in the software and reflects the learning outcomes. Active participation in supervised sessions will support the development of this work but will not contribute directly to the assessment.

This module is assessed on a **Pass/Refer** basis.
