

Module specification

When printed this becomes an uncontrolled document. Please access the **Module Directory** for the most up to date version by clicking on the following link: **Module directory**

Module code	ARD742
Module title	Advanced Digital Design, Printing and Publication using Adobe InDesign
Level	4
Credit value	20
Faculty	Faculty of Art Science and Technology
Module Leader	Dr Rafiq Elmansy
HECoS Code	100440 – Digital Media
Cost Code	GADC

Programmes in which module to be offered

Programme title	Is the module core or option for this programme
BA (hons) Graphic Design	Standalone module aligned with Graphic design

Pre-requisites

Students are required to complete the essentials version of this module.

Breakdown of module hours

Learning and teaching hours	18 hrs
Placement tutor support	0 hrs
Supervised learning e.g. practical classes, workshops	18 hrs
Project supervision (level 6 projects and dissertation modules only)	0 hrs
Total active learning and teaching hours	36 hrs
Placement / work based learning	0 hrs
Guided independent study	164 hrs
Module duration (total hours)	200 hrs

For office use only	
Initial approval date	17/12/2021
With effect from date	17/12/2021
Date and details of revision	

For office use only	
Version number	1.0

Module aims

Adobe InDesign is an essential tool for both printed and digital publications. It is the first tool to learn to be able to design books, book covers, digital publications, posters, brochures and more. InDesign courses are in two main levels: Beginners and Advanced. These courses will prepare you on both academic and professional levels to use the software to plan, develop, and integrate graphics in publications.

This course prepares you for the Adobe Certified Associate (ACA) exam through a hands-on approach. You will be introduced to advanced graphic design & publications Using Adobe Illustrator. You will be introduced to the ACA exam, cover its different aspects and break the ice through several practical questions.

This course will help you put your creative ideas into action by integrating theory and practice into tasks that prepare you for your future career in digital graphics.

Certification

This module will prepare you for the Adobe certification exam, for more information follow the link: [Print & Digital Media Publication Using Adobe InDesign](#). Taking the certification exam is optional and the student is responsible for any fees.

What will be your future career?

The list below includes examples of the future career paths that involve Adobe Illustrator:

- Graphic designer
- Digital designer
- UI/UX designer
- Book designer
- Printing specialist

Module Learning Outcomes - at the end of this module, students will be able to:

1	Demonstrate an advanced understanding of the complex design process and project specification challenges within Digital Design, Printing and Publication using Adobe InDesign.
2	Demonstrate advanced knowledge of Adobe InDesign.
3	Complete a series of advanced level questions based on Adobe InDesign within the field of Digital Design, Printing and Publication.

Assessment

Indicative Assessment Tasks:

This section outlines the type of assessment task the student will be expected to complete as part of the module. More details will be made available in the relevant academic year module handbook.

The summative assessment of the module is through a Moodle Quiz of 30 questions. The module is pass or fail. The pass mark is 20 correct answers out of a possible 30 questions.

Students will be given an opportunity to re-sit the test in the event of failing to achieve the pass mark.

Assessment number	Learning Outcomes to be met	Type of assessment	Weighting (%)
1	1,2,3	In-class test	Pass/Fail

Derogations

None.

Learning and Teaching Strategies

How will you learn?

You will learn using a hands-on practice that merges both theory and practice related to creating vector graphics. The course will be based on tasks that you are expected to have in your future career as a graphic designer.

How will this course prepare you for the ACA exam?

This course will walk you through the topics and objectives described in Adobe Certified Associate exam guide. Also, it will provide practical examples of the ACA exam questions to prepare you for the exam challenge.

How will this course prepare you for your study?

This course gives you the chance to learn the tool required to complete your motion graphics projects and use the different features to fuel your creative ideas.

The module delivery will be broken down into the required 36 hours of contact time. Utilising the ALF framework and a blended approach to delivery. 3 hours per week over 6 weeks face to face (either on campus or online) and 3 hours per week over six weeks of online practical content.

Indicative Syllabus Outline

Adobe InDesign Advanced

You are expected to have the Essential level experience and at least 50 hours of using Photoshop.

Course Outline:

- Working with Advanced Pages Modifications
 - Foldouts and Page re-shuffle
 - Working with Page tool and custom formats
- **Images and Graphics**
 - Linking and relinking graphics
 - Image information
 - Importing PSD files
 - Adding effects to graphic elements
- **Advanced Type Management**

- Adding icons and graphics to text
- Wrapping text around elements
- Type on vector paths
- Type inside shapes
- Adding footnotes
- Working with Story
- Adding anchors
- **Working Tables**
 - Creating tables
 - Importing tables from Excel
 - Styling tables and cells
 - Adding rows, columns and modifying table cells
- **Working with Interaction content**
 - Understanding the digital publications
 - Creating links and bookmarks
 - Inserting email links
 - Adding buttons
 - Creating slideshow presentations
 - Inserting movies and basic animation
- **Advanced Publications**
 - Publishing and sharing interactive documents online
 - Exporting different formats and media
 - PDF presents
 - Customising the PDF quality
 - Customising the Preflight settings
- **ACA Exam Preparation**
 - Overview the exam objectives
 - Preparing for the exam
 - Learning resources
 - Practice exam questions

Indicative Bibliography:

Please note the essential reads and other indicative reading are subject to annual review and update.

Employability skills – the Glyndŵr Graduate

Each module and programme is designed to cover core Glyndŵr Graduate Attributes with the aim that each Graduate will leave Glyndŵr having achieved key employability skills as part of their study. The following attributes will be covered within this module either through the content or as part of the assessment. The programme is designed to cover all attributes and each module may cover different areas.

Core Attributes

Engaged
Enterprising
Creative
Ethical

Key Attitudes

Commitment
Curiosity
Resilience
Confidence
Adaptability

Practical Skillsets

Digital Fluency
Organisation
Leadership and Team working
Critical Thinking
Emotional Intelligence
Communication
