Module aims

The International Experience Module Level 5 aims to provide students with a transformative global learning opportunity, fostering cross-cultural competence, personal growth, and academic enrichment while developing an understanding of international contexts and their impact on the students' fields of study.

Module Aims:

- Immerse students in diverse cultural environments to broaden their global perspective.
- Develop cross-cultural communication skills and cultural sensitivity.
- Enhance students' ability to adapt to new and challenging environments.
- Foster an understanding of global issues and their local implications.
- Encourage students to reflect on their personal and professional growth throughout the international experience.

Module Learning Outcomes - at the end of this module, students will be able to:

1	Deploy problem-solving strategies to overcome challenges encountered in unfamiliar international settings during your placement.
2	Reflect on your personal and professional growth throughout the international experience, identifying key areas of development and their relevance to future employability.

Assessment

Indicative Assessment Tasks:

This section outlines the type of assessment task the student will be expected to complete as part of the module. More details will be made available in the relevant academic year module handbook.

Students are asked during a 10 minute online oral assessment to reflect upon their international learning experience and be prepared to respond to questions about what learned about themselves and how they interact with others, what steps they could take to further their ability to work in international/intercultural contexts, and provide reflective examples of challenges they had to overcome in preparing for and working in an unfamiliar environment.
